

# Fuel Filter/Water Separators

## 燃油油水滤清器

Fuel Filter/Water Separators

燃油油水滤清器

### Features and Benefits

#### 功能和优点

- **Separate Water From Fuel At 99.8% Efficiency.**

高达 99.8% 的分离水功能。

- **Remove Damaging Contaminants.**

过滤和分离破坏性的杂质。

- **Enhance Engine Power.**

提高发动机效能。

- **Reduce Fuel**

**Consumption, Environment Friendly.**

减少油耗，保护环境。

### Advantage 优点

FELICIA Fuel Filter/Water Separators are the right choice for fuel filtration. It has been tested and verified to help save fuel, reduce maintenance costs, and extend engine lifespan.

FELICIA 燃油油水滤清器是燃油过滤系统的正确选择，已经通过测试和验证能帮助节省燃料，减少维修费用和延长发动机使用寿命。

### Application Examples 应用案例

MARINE ENGINES  
船用发动机

Power Generators  
发电机

CONSTRUCTION /EARTH MOVING EQUIPMENT  
重型机械

**ESPECIALLY YOUR EQUIPMENT USING "COMMON RAIL ENGINES"**

特别是您的设备使用“高压共轨电控柴油机”

### FWS series specifications

#### FWS 系列性能参数

Part No.	FWS341-DL(双联)	FWS341-SL(单联)	FWS681-DL(双联)	FWS681-SL(单联)
Fuel Port 进口油孔	7/8-14"UNF			
Flow Rate 流量	681LPH/180GPH	341LPH/90GPH	1363LPH/360GPH	681LPH/180GPH
Service Clearance 操作空间	127mm		254mm	
Net Weight 净重量	10.5kg	3.2KG	13.5kg	3.3KG
Temperature 温度	-20℃/+120℃			
Clean Pressure Drop 清洁压力降	11.7kPa	2.4kPa	25.5kPa	3.3kPa
Max.Operating Pressure 最大使用压力	103kPa

### 维护及维修

我们致力于为所销售的产品提供源自原厂的专业维修服务。每一项维修作业皆在我们专属的工厂内，由资历深厚、技术娴熟的专业人员精心开展。我们绝不只是简单地替换受损的零件，而是会对所有零件予以详尽检查，并向客户呈上最为优化的维修提议。不仅如此，我们更会将产品实施严格检测，全力确保其能够达成所需的功能要求。

We are committed to providing professional repair services from the original factory for the products we sell. Every maintenance task is carefully carried out by experienced and skilled professionals in our exclusive factory. We will not simply replace damaged parts, but will conduct a thorough inspection of all parts and provide customers with the most optimized repair proposals. Not only that, we will also conduct strict testing on our products to ensure that they meet the required functional requirements.

### 证书及荣誉
